YOU HELP PROTECT MICHIGAN'S WILD PLACES.

Your licenses help provide nearly \$61 million a year to conserve wildlife, public lands and waters. Because of you, habitats have been restored and populations of deer, elk, waterfowl, turkey and other game species have been preserved for the use and enjoyment of future generations.

Managing Wild Turkeys

Managing wild turkeys in Michigan involves the complex interactions of turkey populations, their habitat and their relationship to people. Hunting plays an important role in managing turkeys by regulating their numbers. The goal of the spring wild turkey hunting season is to maximize hunter opportunity while maintaining a satisfactory hunting experience. License quotas are developed to harvest the desired number of turkeys to meet the management goal.

for turkey harvest according to
National Wild Turkey
Foundation study results.**

2022 Hunting Information

How many licenses can I apply for?

From Jan. 1 - Feb. 1, you can apply for one limited-quota license valid for a specific spring turkey hunt unit during specific season dates. You must be at least 10 years old to apply.

How much is an application?

An application is \$5.

How do I know if I was successful in the drawing?

You are responsible for obtaining your drawing results online. They will be available at Michigan.gov/Turkey March 7.

What happens if I'm selected in the drawing?

If you're selected in the drawing, you may then purchase one limited-quota license. See the License Purchase section for more information.

What happens if I'm not selected in the drawing?

After the drawing, beginning March 14 at 10 a.m., unsuccessful applicants have the opportunity to purchase a license for another hunt period, with leftover licenses available until quotas are met. Depending on how many hunters apply, leftover licenses may or may not be available for some hunt units and/or dates.

What happens if I didn't apply for the drawing?

If you didn't apply for the drawing, you have two options. You may purchase a leftover license, if available, or you may purchase a Hunt 0234 license. Leftover licenses and the Hunt 0234 license will go on sale March 21 at 10 a.m. See the Hunt 0234 and Leftover Licenses sections for more information.

Where can I buy a license?

You can buy a license from a local retailer, or online at Michigan.gov/Turkey.

How many licenses can I buy?

You can purchase one spring turkey license.

How many turkeys can I harvest with a license?

You can harvest one bearded turkey.

I'm a mentored youth hunter. Can I get a spring turkey license?

If you are licensed under the Mentored Youth Hunting Program, you automatically receive a spring turkey license.

How to Apply for a Limited-License Hunt

What identification do I need to apply for the drawing?

You will need a valid driver's license issued by the state where you live OR a State of Michigan ID card (issued by the Secretary of State) OR a DNR Sportcard (issued by retail license agents or at Michigan.gov/DNRLicenses).

I'm only 9 years old. Can I apply for a spring turkey license?

If you are licensed under the Mentored Youth Hunting Program, you automatically receive a spring turkey license, so there is no need to apply. See the Mentored Youth Hunting Program section for more information.

How do I actually apply for the hunt?

First, look at the hunt unit map and choose the unit you want to hunt. Next, look at the table that shows the hunt units and season dates to find the number for the hunt unit you chose. Then, purchase an application for the hunt number(s) you chose (you can select two hunt numbers – first and second choice). You can purchase an application at a retail license agent or online at Michigan.gov/Turkey. Finally, check your receipt for accuracy and retain it as proof of your application.

How many times can I apply?

You can only apply one time. It is unlawful to apply more than once.

Can I apply to hunt with other hunters?

Yes, you may apply in a partnership with one other person. If you apply with more than one partner, you will be ineligible for the drawing.

How do I apply with someone else as a partnership?

The first person to apply (either you or your hunting partner) chooses a hunt unit and receives a "party ID" number, which is printed on the receipt. A new party ID number is issued each year. Then, the other partner uses the party ID number when applying to complete the partnership. Make sure to verify the party ID number is identical on both receipts.

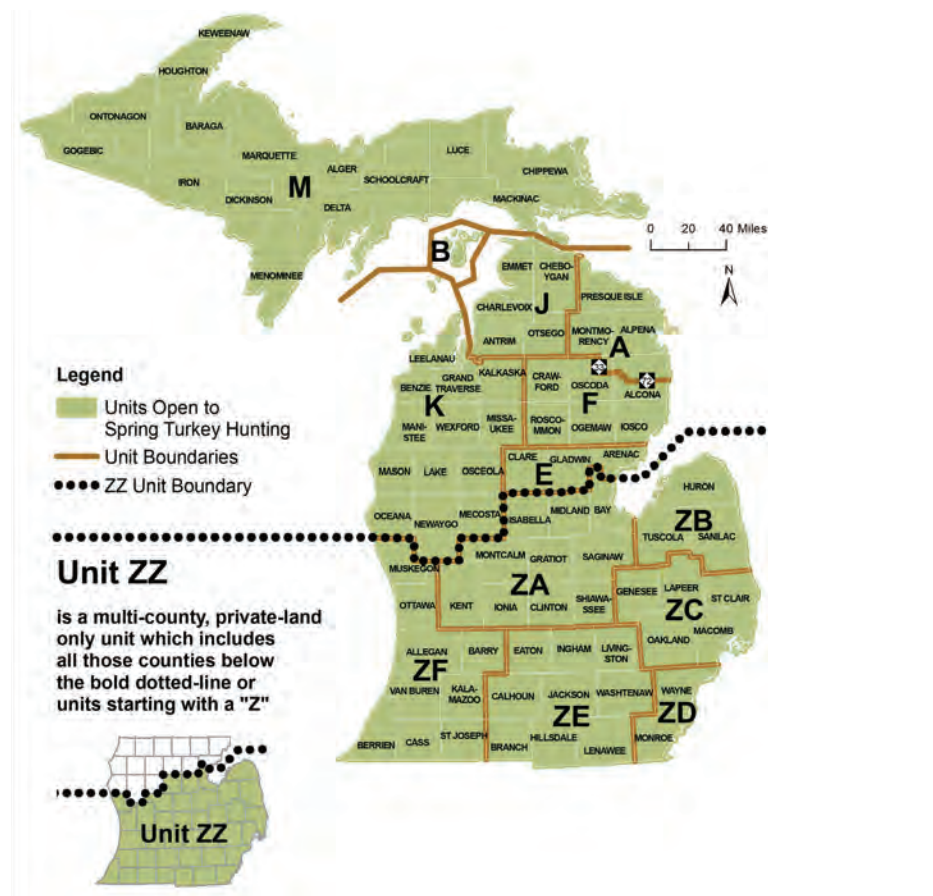

The receipt I received is not printed clearly or has an error. What do I do?

You are responsible for obtaining a DNR application receipt that states your customer ID and hunt choice. Do not accept a receipt that is not legible. Check this receipt for accuracy and retain as proof that you applied. Ensure any application errors are corrected prior to the application deadline. If you submit an invalid application, you will be ineligible for the drawing.

I'm having trouble applying. What do I do?

Call 517-284-9453 (WILD) for assistance.

2022 Spring Turkey Hunt Units

Private-land-only licenses

If I get a private-land-only license, are there any exceptions that allow hunting on public land?

The private-land-only license, Hunt 0301 (Unit ZZ), is not valid on county, state or federal lands, except to hunt Fort Custer military lands with permission. Hunters should have permission to hunt private lands before applying for one of these licenses.

Guaranteed-License Hunt (No Application Required)

Hunt 0234

Where can I hunt with a Hunt 0234 license?

With the Hunt 0234 license, you can hunt on:

- Both public and private lands in the Upper Peninsula (Unit M) and in the northern Lower Peninsula (Units A, B, E, F, J and K).
- Private land only in the southern Lower Peninsula (Unit ZZ).
- Fort Custer military lands with permission.

How do I purchase a Hunt 0234 license?

You can buy a Hunt 0234 license when leftover licenses go on sale March 21 at 10 a.m. This license has no quota and can be purchased throughout the entire spring turkey hunting season.

Can I purchase both a limited-license hunt and a Hunt 0234 license?

No. You may only purchase one spring turkey license.

HUNT UNIT	SEASON DATES	MAXIMUM LICENSE QUOTA	HUNT NUMBER
Statewide	May 7 - May 31	NONE	0234

Leftover Licenses

Are there always leftover licenses available?

There is no guarantee that leftover licenses will be available for any hunt unit, except Hunt 0234, which has no quota.

How do I purchase a leftover license if I was unsuccessful in the drawing?

If any licenses remain after the drawing and you have a current base license, you may purchase a leftover turkey license online or from any license agent on a first-come, first-served basis for a one-week period beginning March 14 at 10 a.m. Eastern Standard Time (EST).

How do I purchase a leftover license if I didn't apply in the drawing?

You may purchase any limited-quota licenses that remain as of March 21 at 10 a.m. EST if you have a current base license.

How many leftover licenses can I buy?

You may purchase only one spring turkey license.

Where can I buy my hunting license?

Hunting and fishing licenses may be purchased online at Michigan.gov/DNRLicenses or from a retail license agent.

License Purchase

I purchased my license online. When will I get my kill tag?

If you purchase your spring turkey licenses online, your kill tag will be mailed to you seven to 10 business days after your purchase.

I was selected in the drawing, but can't buy my license. Why not?

A base license is required for everyone who hunts in Michigan. While an application may be purchased prior to obtaining a base license, you must purchase a 2022 base license before you can purchase a spring turkey license.

When can I purchase a 2022 base license?

2022 base licenses go on sale March 1.

Can I buy more than one spring turkey license?

No. It is unlawful to obtain or purchase more than one spring turkey hunting license per hunter.

Do I have to carry my hunting license when hunting?

Yes, you must carry your spring turkey license and the identification used to purchase that license and present both upon demand of a Michigan conservation officer, a tribal conservation officer or any law enforcement officer when hunting.

Licenses by Age	Age: Up to 9	Junior Age: 10-16	Resident Age: 17+	Resident Senior Age: 65+	Nonresident* Age: 17+

Spring Turkey License	NA	\$15.00	\$15.00	\$6.00	\$15.00

- *Nonresidents under 17 years of age may purchase a resident base license.
- Active Duty Military Personnel and Veterans with Disabilities**
Resident active-duty military personnel and resident veterans with a 100% disability rating may obtain a leftover spring turkey license free of charge beginning March 21. Licenses are full-price for those who apply for a license and are selected in the drawing.

Apprentice Hunting License

Can I purchase a base apprentice hunting license?

If you do not have a hunter safety certificate and are 10 years of age or older, you may purchase a base apprentice hunting license.

How many times can I purchase a base apprentice hunting license?

As an apprentice hunter, you may purchase this license for two license years before you must successfully complete a hunter safety course.

I'm not a resident of Michigan. Can I purchase the base apprentice license?

Yes. The base apprentice hunting license is available to residents and nonresidents.

Can I hunt by myself with a base apprentice license, or do I need to hunt with someone else?

When hunting as an apprentice hunter, you must be accompanied by someone 21 years of age or older who has a regular, current-year hunting license for the same game species that you are hunting.

I'm a youth apprentice hunter. Do I have to hunt with my parents?

If you are an apprentice hunter who is 10-16 years of age, your accompanying hunter must be your parent, guardian or someone designated by your parent or guardian who is at least 21 years of age. The accompanying hunter must have a regular, current-year hunting license for the same game species that you are hunting.

How close do I need to be to my accompanying hunter during the hunt?

Your accompanying hunter must be able to come to your immediate aid and stay within a distance that permits uninterrupted, unaided visual and verbal contact.

Does my accompanying hunter need to have a turkey license for the same unit and hunt period as me?

For hunting wild turkey, your accompanying hunter needs a current-year spring turkey hunting license, but it does not have to be for the same hunt unit and season dates as your apprentice hunting license.

I'm an accompanying hunter. How many apprentice hunters can I supervise?

You may accompany no more than two apprentice hunters.

Mentored Youth Hunting

What is the mentored youth hunting program?

The Mentored Youth Hunting Program allows youth hunters 9 years of age and younger to hunt with a mentor who is at least 21 years of age, has hunting experience and has a valid Michigan hunting license other than an apprentice license.

What can mentored youth hunt with their license?

The mentored youth license is a “package” license to hunt small game, waterfowl, turkey (spring and fall) and deer, trap furbearers, and fish for all species. Additional restrictions apply; complete program details can be found in the Michigan Hunting Digest or online at Michigan.gov/MentoredHunting.

I'm a mentored youth hunter. How many turkeys can I kill in the spring, and where can I hunt?

As a mentored youth hunter, you get one spring turkey kill tag, which is valid for one bearded turkey in any open spring turkey hunt unit on public or private land.

As a mentored youth hunter, can I apply for the spring turkey license?

No. You will receive one spring turkey kill tag with your mentored youth license. All hunters are allowed only one spring turkey tag.

As a mentored youth hunter, do I need an application for the mentored youth license?

No. An application is not required for the mentored youth license.

Special Hunting Opportunities for Youth and Hunters with Disabilities

Are there special opportunities for youth or hunters with disabilities?

Yes. The Fort Custer Training Center near Battle Creek offers turkey hunting opportunities for properly licensed youth (Hunt 0301). A mentor is available for each participant. Free housing is available, along with range time. Special hunting opportunities are also available for properly licensed hunters with a disability during May (Hunt 0234). For hunt dates and more information, please visit FortCusterHunt.org or call 269-731-6570.

Hunting Hours

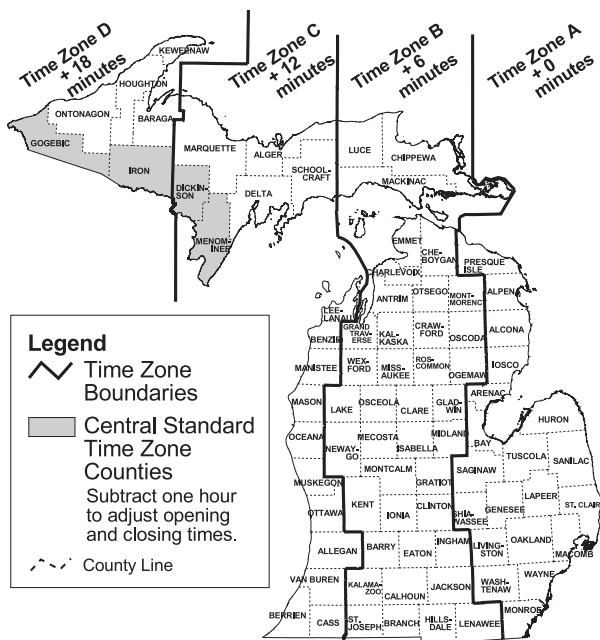

When is it legal for me to hunt during the day?

Actual legal hunting hours (one-half hour before sunrise to one-half hour before sunset) for Zone A are printed in the table. To determine the opening (a.m.) or closing (p.m.) time in another zone, add the minutes shown on the map for the zone to the time from the Zone A hunting hours table. The hunting hours listed in the table reflect Eastern Standard Time adjusted for daylight saving time where appropriate. If you are hunting in Gogebic, Iron, Dickinson or Menominee counties (Central Standard Time), you must make an additional adjustment to the printed time by subtracting one hour.

Bag Limit

How many turkeys can I kill with my license?

You are allowed to kill one bearded turkey per spring turkey license.

Can I kill a turkey without a beard?

No. Only bearded turkeys may be killed during the spring turkey hunting season.

Can I buy more than one spring turkey license (kill tag)?

No. You may only purchase one spring turkey license per hunter.

Can I put my kill tag on a turkey someone else shot?

No. It is unlawful to tag a turkey you did not kill.

Can I use the same kill tag on more than one turkey?

No. It is unlawful to use a tag more than once.

Can I use my friend's kill tag, or can they use mine?

No. It is unlawful to use another person's tag or allow another person to use your tag.

Hunting Methods

What equipment can I use to kill a turkey?

You may use a bow and arrow, a crossbow, a firearm that fires a fixed shotgun shell, or a muzzleloading shotgun. It is illegal to use or carry afield any other firearm. Pneumatic guns are legal when using ammunition containing No. 4 shot or smaller.

I have a concealed pistol license. Am I allowed to carry my pistol while hunting?

Yes. The prohibition on carrying any other type of firearm does not apply to pistols carried under authority of a concealed pistol license, or under a specific exception from the CPL requirement.

What kind of ammunition am I allowed to use in my firearm while hunting?

When hunting wild turkey, you may not use or carry afield any ammunition except shotgun shells loaded with No. 4 or smaller shot or No. 4 or smaller loose shot for use in muzzleloading shotguns.

Do I have to use nontoxic shot (i.e., not lead) when hunting turkey?

While not required by law, it is recommended that you use nontoxic shot when hunting turkey.

I hunt with a crossbow. Are there any restrictions on which arrows I can use?

You may only use arrows, bolts and quarrels at least 14 inches in length, tipped with a broadhead point at least 7/8 inch wide.

Can I hunt turkeys from a tree stand?

You may hunt turkeys from an elevated stand or tree using a bow and arrow, a crossbow or a firearm. Tree stands or any other device to assist in climbing a tree are not permitted to be used on state lands for the spring turkey hunting season. Tree stands or any other device to assist in climbing a tree are only permitted to be used on state lands from Sept. 1 through March 1.

Can I use my hunting dogs to hunt turkeys during the spring season?

No. Turkeys may not be hunted with dogs during the spring season.

Can I shoot a turkey if it is in a tree?

No. Turkeys may not be taken while they are in a tree.

Baiting

Am I allowed to bait turkeys?

No. It is unlawful to use bait to aid in the taking of a wild turkey.

Can you define “bait” for me?

For the purpose of this regulation, “bait” means a substance composed of grain, fruit, vegetables or other food placed to lure or entice wild turkeys. This does not apply to standing farm crops (normal agricultural practices) or other naturally growing grains, fruits or vegetables.

Decoys and Calls

Can I use mechanical, electronic or live decoys?

No. Mechanical, electronic or live decoys are prohibited.

Can you define “mechanical decoy” for me?

Mechanical decoy means any device that, by design or construction, uses motion as a visual stimulus to attract a wild turkey.

Is a decoy moved by the wind considered mechanical?

A wind sock or similar decoy body anchored at a fixed point into the ground, and whose only motion is derived exclusively by power of the natural wind, is legal.

Can I stalk turkeys using handheld decoys/silhouettes?

No. Stalking turkeys with a handheld decoy/silhouette is illegal.

Can I use electronic turkey calls to hunt?

No. The use or possession of electronic devices that imitate calls is illegal.

Validating Kills

Can I tag my turkey after I take some photos with it first?

No. Immediately upon killing a turkey, you need to validate your license by notching out the appropriate information as instructed on the license and securely attaching the license around a leg of the bird. You may not transport or have in your possession a turkey unless the validated license is attached to a leg of the bird.

Turkey Reporting Options

Is there a way for me to give the DNR feedback about my hunting experience?

Yes! We need your help. After your hunting season has ended, please report your hunting activity online by visiting Michigan.gov/Turkey. Information you provide will improve management and ensure that decisions regarding hunting seasons are based on the best information available.

Are there any other ways I can help the DNR with feedback or reporting?

You can assist the DNR by reporting any sightings of wild turkeys in January. This information, which is kept confidential, is used to manage the turkey population. You can make your report online at Michigan.gov/Turkey or contact a DNR office listed on the back of this digest.

Wild Turkey Cooperator Patch

Who coordinates the wild turkey patch program?

Michigan's wild turkey patch program is coordinated by the Michigan State Chapter of the National Wild Turkey Federation, in partnership with the DNR.

I heard that youth hunters get a free patch. Is that true?

Yes, that is true. Young hunters, 17 years of age and younger, who have a valid wild turkey hunting license may get a free patch by sending their name and complete address, along with a legible copy of their valid wild turkey

hunting license, to National Wild Turkey Federation, Wild Turkey Patch Program, P.O. Box 471, Schoolcraft, MI 49087. If you have questions, please email MiTurkeyPatch@gmail.com.

How long will it take to receive my patch?

You should receive your patch in approximately 6 weeks.

How much do patches cost for adults?

Adult hunters, patch collectors and other interested individuals may purchase the patch for \$6, including postage and handling costs.

Can I order patches from previous years?

No. Only the current-year patch is available for purchase.

Do I need to shoot a turkey to purchase a patch?

No. You do not have to harvest a turkey to purchase a patch. Patches will be available after January 1st and can be purchased online at MINWTF.org. Patches will only be available for purchase online.

What is the NWTF?

The National Wild Turkey Federation is a not-for-profit organization dedicated to the conservation of the wild turkey and the preservation of our hunting tradition. Proceeds from patch sales are used to fund wild turkey-related projects and management in Michigan. Each year the NWTF, working cooperatively with the DNR, contributes more than \$300,000 to wild turkey and hunter-heritage programs in Michigan.

MiOFO is a cooperative partnership that provides outdoor recreation opportunities for individuals with health challenges; and coordinates support networks that facilitate recovery through connecting with nature.

"The freedom of being able to go (into the woods) with dignity deserves my words of gratitude. These hunts give us unity and with unity we give each other strength, understanding, and compassion."

-Ray Norris, MiOFO Hunter

Dioxin Advisory Information

Should I be concerned about dioxin?

Health assessors from the Michigan Department of Health and Human Services and Michigan Department of Natural Resources determined that samples of wild game from the floodplains of the Tittabawassee River and Saginaw River downstream of Midland contained high levels of dioxin and dioxin-like compounds. Wild game tested include deer, turkey, cottontail rabbit, squirrel, wood duck and Canada goose. As a result, the MDHHS advises that hunters and their families to follow these recommendations related to turkey:

- Do not eat turkey harvested in or near the floodplain of the Tittabawassee River downstream of Midland. If you choose to eat turkey taken from this area anyway, at a minimum the skin, liver and gizzard should be removed and discarded.
- Other wild game that have not been tested in this area may also contain dioxins at levels that are a concern. To reduce general dioxin exposure from other wild game, trim any visible fat from the meat before cooking. Do not consume organ meats such as the liver or brains, and do not eat the skin.

For additional information regarding dioxin, dioxin-like compounds and wild game advisories for the Tittabawassee River and Saginaw River floodplains, including a map of the area covered by these advisories, go to the MDHHS website at Michigan.gov/Dioxin.

Report Sightings of Diseased Wildlife

What if I see a sick-looking turkey while scouting or hunting?

The DNR encourages you to report any sightings of sick or dead wildlife, including wild turkeys, at Michigan.gov/EyesInTheField. You should provide information about the location, number of animals and condition of the animals you observed. Contact the Wildlife Health Disease Laboratory at 517-336-5030 if you have any questions.

Commercial Hunting Guides on State Land

What do I need to do to guide turkey hunters on state-owned lands?

All commercial hunting guides utilizing state-owned lands must get written authorization. Guides are required to meet the conditions of the written authorization. If you are a guide who utilizes state-owned lands, please visit Michigan.gov/StateLandPermission or contact a DNR customer service center for more information.

What do I need to do to guide turkey hunters on National Forest lands?

Commercial guiding on National Forest (NF) lands requires a special use permit. Applications can be obtained through any office or by calling – Hiawatha NF: 906-428-5800; Huron-Manistee NF: 231-775-5023; or Ottawa NF: 906-932-1330.

Where Can I Hunt in Michigan?

Over 4.5 million acres of public land is managed by the DNR and open to hunting! Millions of additional private-land acres are leased or enrolled in programs to allow hunting by all. Visit Michigan.gov/Hunting to find out where.

Poachers Beware: Hunters Are Watching

What are the consequences of poaching?

Violations of turkey hunting regulations, including application violations, are misdemeanors and the following penalties may apply. Misdemeanors may be punishable by up to 90 days imprisonment, up to \$1,000 in fines and license revocation for up to five years. Reimbursement to the state for unlawful taking of wild turkey is \$1,000 per animal plus an additional \$1,000 for a turkey with a beard.

How do I report suspected poaching?

If you witness a natural resource violation, report it immediately. You can do this by texting or calling 800-292-7800 – phone lines are open 24/7. You may remain anonymous!

2022 Spring Turkey Workshops

I'm new to turkey hunting. Is there any program to help new hunters like me?

Yes. The DNR, Michigan Wild Turkey Hunters Association, National Wild Turkey Federation and other groups may offer wild turkey hunter orientation courses. A fee may be charged, and space may be limited. For details about events, visit Michigan.gov/Turkey.

As a new hunter, I've heard I should scout for birds on Turkey Tracts. What is that?

Turkey Tracts are a series of actively managed, walk-in wild turkey hunting areas across southern Michigan. With accessible walking trails and a kiosk with maps and area information, these are great places for new hunters to explore. With the help of hunters and partners, such as the National Wild Turkey Federation, the DNR developed this program to highlight local wildlife management on public hunting areas and connect hunters with local business partners. Visit Michigan.gov/Turkey to learn about locations.
